Female security who works in shopping mall and one study in reference of human rights

Mahida Hemilban .M*

INTRODUCTION

For female it is said from the ancient time. That where women are worshiped gods are play there means where females are worshiped there gods abode. But here injustice and tradition of rape are continuing from the time of Dropadi and Sita. Male dominated society has crossed all the limitation for

Cruelty because they believe that female is the instrument for enjoy. In 21st century also respectable view is not train towards the female pain is for this talk that not only her husband is cruel towards female but also the brother, father, son, father in law and other relatives may be.

Truly female are exploited physically mentally, economically and feelingly in their houses, to present females are exploited by domestic violence in our country, what a antithesis that females are doing religious Raxabandhan, Bhai-Bij,-kadvachoth, and vad- savitry, is from their own male family member.

According to one famous Gujarati exclamation "Daughter and cow goes where leads. Means we are showing female in the from cattle, and any think after marriage, from the fathers house goes in the husband house and bear harassment of husband and his family with Dum mouth it's a result of unbearable physical and mental harassment there is no more option are showing to with out suicide more ingrous point is that social rules and regulation and behavior ridicule the females equality trans grate the laws openly which rights have reference in constitution it is the big challenge for the government and for the female groups, and unequal At the time there is also a improvement in laws but we less success in the judgment at the side of female group.

- 2) To check the awakening of the female about their own right and laws

RESRARCH METHOD

Use two methid to collect information under this research

1 primary information

Mahida Hemilban .M*

Saarth

E-Journal of Research

ISSN NO: 2395-339X

2 secondary information

Intentional demonstration method is use to get primary information to get primary information to get primary information big-bazer and DE – mark shopping mall are liked in anand city area for that forty women are liked who work in the shopping mall by intention demonstration method.

To get secondary information use different types of reference like book's magazine, government report, library and research article etc.

CONCLUSION

It is clear from the search study that there are so many right and law for the female day to there condition in reality is not good laws related unawareness seeing in it there is also a necessary to spread the information about the laws and there foe it is necessary for social and self related group to give more information and aware them.
